Bosnia and Herzegovina from August 1 through August 17, 1997. This intensive program is designated to train teachers from throughout Bosnia and Herzegovina with materials and methods developed to educate for democracy. Mr. Phillips was part of a team of 20 American educators who were assigned to 16 locations throughout Bosnia and Herzegovina, including the Republika Srpska; the American teamed with 18 teachers from the Council of Europe in nine of these sites. This education for democracy program reached 550 teachers from both entities of Bosnia and Herzegovina.

The summer training program was developed by the Center for Civic Education as part of a major civic education initiative in Bosnia and Herzegovina supported by the U.S. Information Agency and the U.S. Department of Education and built on a program begun in 1996. The U.S. Information Service in Sarajevo provided valuable assistance to the program. The goals of the program are to provide teachers with the tools necessary to help prepare students and their communities for competent and reasonable citizenship, including participation in elections and other opportunities to take part in the political life of their communities. Achieving this goal will contribute to the reconstitution of a sense of community, cooperation, tolerance, and support for democracy and human rights in this war torn

I am also pleased to announce that the curricular materials being used for the program in Bosnia and Herzegovina have been adapted from the "we the people * * * the citizens and the Constitution, foundations of democracy," and the project citizen programs, which are supported by Congress and used in schools throughout the United States. Initial reports evaluating the summer program indicate the materials—selected and adapted by educators from Bosnia and Herzegovina—and teaching methods were enthusiastically received and will be adapted for use in classrooms in both entities of the country.

Mr. Phillips is the social studies program coordinator for the Anchorage public schools. He also serves as the state coordinator for the "we the people * * * the citizens and the Constitution" program in Alaska.

Mr. Speaker, I wish to commend Doug Phillips for his dedication and commitment during the CIVITAS at Bosnia and Herzegovina summer training program. His work is helping to achieve the overall objective of building democracy in Bosnia and Herzegovina.

HONORING CLARA PADILLA ANDREWS

HON. ELIZABETH FURSE

OF OREGON

IN THE HOUSE OF REPRESENTATIVES Wednesday, October 8, 1997

Ms. FURSE. Mr. Speaker, I rise today in honor of Hispanic Heritage Month to recognize an outstanding individual, a constituent and friend of mine in the First Congressional District of Oregon, Ms. Clara Padilla Andrews. Ms. Andrews has dedicated her life to serving others.

Ms. Andrews is the owner and publisher of the El Hispanic News, a bilingual English/ Spanish weekly community newspaper in Oregon. Previously, Ms. Andrews has served as a Community and Family Services Integration of Services Supervisor and the Hispanic Services Coordinator for Multnomah County in Portland. Through her tenure with the county, she demonstrated her strong will, dedication, and commitment to sharing her talents and knowledge to promote networking partnerships. Her ability as a community organizer and strong encouragement of project collaboration were essential ingredients in the work she did and continues to do in creating a better society for all.

Ms. Andrews is known for her "behind-thescenes" advocacy on behalf of disenfranchised Hispanic families in Multnomah County. She was instrumental in obtaining monetary support to staff positions at three high schools to reduce the Hispanic student drop-out rate.

She was also essential in the renovation of the Galaxy Apartment complex. This cluster of apartments in their original condition were a

Northeast Portland neighborhood eyesore in deplorable condition with a prevalence of drugs and prostitution, crime and poverty.

Today the Galaxy Apartments are the Villa de Clara Vista Apartments named in honor of Ms. Andrews. Through her relentless efforts, she founded the Hacienda Community Development Corp. and recruited board members to spearhead the renovation effort to make affordable family housing available. The project today also includes a one-stop center for coordinated social services for area occupants. This project now serves as a national model.

Ms. Andrews has worked at all levels of government. Her civic involvement is admirable, as she served as the Secretary of State for New Mexico from 1983 to 1986 and was the highest ranking Latina elected official at that time. When Ms. Andrews lost her grand-daughter, Susana Gurule, to cancer, she founded the Susana Maria Gurule Foundation which focuses its efforts on increasing the number of minority volunteers for the national marrow donor program registry. As a result of her work, she has also been named to the national marrow donor program board.

Ms. Andrews is a 1986 recipient of a Congressional Hispanic Caucus Distinguished Service Award, the 1994 Doernbecker Hospital Hero's Award, Executive Women in State Government Distinguished Award and several others. She has also been named one of the 100 Most Influential Hispanics four times.

Ms. Andrews is an exemplary citizen. Her lifetime of achievements and contributions to making society a better place for all serves as a model for all of us to learn from and follow. In recognition of National Hispanic Heritage month, it is my honor to recognize my friend, Ms. Clara Padilla Andrews.

HONORING UNIVERSITY OF TEXAS HEALTH SCIENCE CENTER'S 25TH ANNIVERSARY

HON. KEN BENTSEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES Wednesday, October 8, 1997

Mr. BENTSEN. Mr. Speaker, I rise to honor the University of Texas Health Science Center in Houston for 25 years of excellence in medical education and research. A vital component of the Texas Medical Center in my district, UTHSC's research and academic institutions have trained some of our Nation's finest medical professionals and led to pioneering treatments for many diseases.

The University of Texas Health Science Center in Houston was launched on October 20, 1972, with the mission of becoming one of the Nation's outstanding academic health centers. By any measure, UTHSC has achieved that lofty goal. From an initial enrollment of 1,260 students, the university now educates over 3,000 students in its six medical institutions—the graduate school of biomedical sciences, and dental branch, the school of public health, the medical school, the school of nursing, and the school of allied health sciences. These students receive hands-on training in the finest teaching hospitals in the world, learning their trade alongside doctors at the M.D. Anderson Cancer Center, Hermann Hospital, and LBJ General Hospital.

Staying ahead of the curve has been the hallmark of UTHSC. From its earliest days,
